Member Secretary
Undergraduate Research Monitoring Committee

Sub: Resubmission of protocol for GJ STRAUS

Respected Sir,

This is in reference to the minutes of the UGRMC meeting held on 11th March, 2024. Following the presentation, a set of 3 changes were recommended by the members of the UGRMC committee. The suggested changes have been incorporated in the protocol, as explained in the table attached below. I am hereby submitting the protocol with revisions.

Kindly do the needful.

JIP/UGRMC/GJSTRAUS/2024/6	Remarks	Modifications
	1. Title may be modified as "association between..."	Title has been changed to "Association between early onset neonatal sepsis and maternal genital colonisation- A retrospective cross sectional study in a tertiary healthcare centre in South India"
	2. Primary objective may be modified to study the association...	Primary Objective has been changed to: "To estimate the proportion of neonates with culture positive early onset neonatal sepsis that are associated with maternal genital colonisation."

	3. To reduce the number of secondary objectives	Secondary objectives b), c) (3) and d) have been removed
--	-------------------------------------------------	----------------------------------------------------------

Thanking you,
Yours Sincerely,

22/3/24
